

## **Session #16**

### **Funding opportunities for protected areas from the EU and other sources**

**Session Leader: Andreas Beckmann** – Language: English

The seminar will look at a number of different funding sources of possible relevance for Protected Area management, especially from the EU but also other sources, including those relevant to European non-EU member states. In addition to describing the different sources and looking at their possible application for protected areas management, we will look at some case studies, tips and tricks and lessons learned related to their use.

This will be an interactive seminar, with a mixture of presentations and discussions, and eliciting and exchanging knowledge and experience from participants.
